

TRACKED AUTOMATICALLY VIA REWARDFUL

Earn more as you *onboard more*.

You earn a cash bounty for every attorney you bring onto Caseway who becomes a paying listing. Your rate per attorney climbs as you scale — and once you pass a tier, the higher rate applies to every attorney in that band. Every signup is tied to your personal Rewardful link, so credit is automatic. Because listings are billed **monthly**, each bounty is funded out of that attorney's successive monthly payments — it accrues over several months as they clear, not up front. You're **paid only when we get paid**.

YOUR BENCHMARK

\$5,000 for every 100 attorneys onboarded

A **cumulative, lifetime** figure that accrues as each attorney's monthly payments are collected — not a monthly or up-front amount. Push past 100 and your effective rate keeps rising toward **\$65 / attorney**.

COMMISSION TIERS

ATTORNEYS ONBOARDED (CUMULATIVE)	PER ATTORNEY
1 – 25	\$40
26 – 50	\$48
51 – 75	\$54
76 – 100	\$58
101 – 150	\$62
151 +	\$65

Rates are **marginal**: each band's rate applies only to the attorneys within it. Each bounty is a **one-time** per-attorney total (not recurring) that funds over successive monthly payments — at the \$10/mo Founding rate a \$40 bounty funds over roughly **four months** of retained payments. Hitting exactly 100 totals **\$5,000** — a \$50 blended average.

What counts as a qualified attorney

- The attorney completes signup **and** activates a paid Caseway subscription — the bounty begins funding when their **first payment clears**, then accrues as later monthly payments collect.
- Free signups that never subscribe **do not** count.
- **30-day clawback**: if they cancel or refund within 30 days, the bounty is reversed.
- No self-referrals or duplicate accounts.

How you get paid — Rewardful

- You receive a **personal referral link & coupon**; share it with attorneys you pitch.
- Conversions and earnings appear in your **Rewardful dashboard** in real time.
- Payouts run **monthly** via Rewardful as each attorney's revenue is collected — typically across several cycles, not a lump sum — after the 30-day clawback window clears.
- Tiers are **program-to-date** — once reached, the rate sticks.
